ABOUT PGCL

“Learning gives creativity, Creativity leads to thinking, Thinking leads to knowledge, Knowledge makes you great.”

- Dr. APJ Abdul Kalam

This quote by Dr. APJ Abdul Kalam clearly reflects the goals and objectives of SVKM's Pravin Gandhi College of Law (5 Year Course). The institution recognizes the fact that there resides within the heart of every student the spark of creativity which lends uniqueness to every individual. Beginning from this premise, the college structures its teaching-learning programme to identify, hone in on and nurture their distinctiveness. To this effect, the college harnesses innovative and student-centric methods of teaching encouraging students to learn inside and outside the classroom. This institution provides the students with varied platforms to develop their skills by way of debates at the intra-collegiate and intercollegiate levels, seminars, workshops, and trial advocacy through moot competitions; the movie club, Juriscine, and the literary society, L'avocat, with an in-house students' newsletter enable students to air their passionate concerns on issues, topical or otherwise. In addition, innovative, interactive methods of study in the classroom create an ambience that fosters intellectual curiosity and growth.

This methodology intersects a legal education system with the social, political and economic systems. An excellent faculty serves as facilitators in helping students materialize this vision. It is this holistic approach to education that justifies the claim SVKM's Pravin Gandhi College of Law makes, of being a law college with a difference. At the end of their SVKM's PGCL journey students emerge confident, positive thinking individuals, well equipped to discharge their assigned professional roles responsibly on a world stage.

The college library, with its vast and eclectic collection of books and journals, is a resource pool for knowledge enhancement for both staff and students. The college gives utmost attention to the overall development of the personality of students and its faculty.

Students are also encouraged to participate in co-curricular activities and sports. While ensuring academic and co-curricular facilities to a vibrant student community, the institution is conscious of its role as a provider of legal education and its constructive and responsible component of the society. Its consistent and unstinting efforts in this direction are borne out by the fact that students join the college with potential and leave its portals as mature, self-confident and focused individuals, ready to lead rich lives of their own while enriching that of society.

MISSION STATEMENT

- To formulate and implement a framework that is conducive to designing and conducting courses in legal subjects to meaningfully integrate, support and enhance professional knowledge of law
- To employ multi-dimensional techniques to enhance legal information and awareness in order to facilitate exercise of choices for future legal careers
- To inculcate a spirit of enquiry by promoting scientific research skills for advancement of knowledge in the field of law by integrating research, field action and capacity- building of teaching faculty
- To transform conventional teaching-learning experience by adopting innovative pedagogy to develop cognitive abilities and nurture social sensitivity
- To assimilate local and global standards for holistic advancement

VISION

To be an institution of excellence in imparting law education in the country, catering to the needs of society by bringing out students who are sensitive to the societal needs and be zealous in upholding the rule of law with social compassion.

PRINCIPAL'S MESSAGE

One is about to embark on a voyage, on a five-year association, on a road less travelled. The Upanishads advise that if one has an hour to cut a tree one should spend three-quarters of that time sharpening one's axe. Five years at this law college is just such a whetting stone.

One often wonders what would be the considerations of those who are novices in contemporary law in making career decisions; how would they decide which college to opt for: or what would be the winning combination. This institution takes pride in charting its own journey of excellence. It accepts no benchmarks; rather, creates its own benchmarks in its quest for academic pedagogical aspirations.

A ship may be safely docked at a harbor. But ships are not meant to be confined to harbors! At this institution we offer you a vibrant, dynamic and intellectual environment on the campus which strives at nurturing potential, unearthing talent and facilitating opportunities for growth.

We would not hesitate to hold your hand and re-teach you the alphabet, just as we would not hesitate to pull you up when you have erred, for your own good.

Life's battle is not assigned to the stronger or faster man; but sooner or later the man who wins is the one who thinks he can. Join us in our intellectual aspiration to raise the bar.

We take this opportunity in welcoming you to an adventurous journey and extend our best wishes to you for your future endeavours.

Dr. Navasikha Duara
I/c. Principal
